No more than one application or tender can be submitted by a natural or legal person whatever the form of participation (as an individual legal entity or as leader or partner of a consortium submitting an application/tender). In the event that a natural or legal person submits more than one application or tender, all applications or tenders in which that person has participated will be excluded.

## SELECTION AND AWARD CRITERIA

### 18. Selection criteria

The following selection criteria will be applied to candidates. In the case of applications submitted by a consortium, these selection criteria will be applied to the consortium as a whole if not specified otherwise. The selection criteria will not be applied to natural persons and single-member companies when they are sub-contractors.

- 1) **Economic and financial capacity** (based on item 3 of the service application form). In case of candidate being a public body, equivalent information should be provided. The reference period which will be taken into account will be the last three years for which accounts have been closed.

**Criterion for legal and natural persons:**

- the average annual turnover of the candidate must exceed EUR 700.000,00.

- 2) **Professional capacity** (based on items 4 and 5 of the application form for service contracts). The reference period which will be taken into account will be the last three years preceding the submission deadline.

**Criterion for legal and natural persons:**

- at least 10 staff currently work for the candidate in fields related to this contract.

- 3) **Technical capacity** (based on items 5 and 6 of the application form for service contracts). The reference period which will be taken into account will be the last three years from submission deadline.

**Criterion for legal and natural persons:**

- the candidate has provided services under a single contract / similar assignment with a budget of at least EUR 1.400.000,00 (proportion carried out by the candidate) on institutional capacity building in the field of rule of law and fundamental rights, which was implemented at any moment during the reference period. (the start and end/completion dates of the references should be specified as day/month/year).

This means that the contract/assignment the candidate refers to could have been started at any time during the indicated period but it does not necessarily have to be completed during that period, nor implemented during the entire period.

Candidates are allowed to refer either to contracts/assignments completed within the reference period (although started earlier) or to contracts/assignment not yet completed. Only the portion satisfactorily completed during the reference period will be taken into consideration. This portion will have to be supported by documentary evidence (statement or certificate from the entity which awarded the contract, proof of payment) also detailing its value. If a candidate has implemented the contract/assignment in a consortium, the percentage that the candidate has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided if the selection criteria relating to the pertinence of the experience have been used.

Previous experience which caused breach of contract and termination by a contracting authority shall not be used as reference.

**Capacity-providing entities**

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract by producing a commitment by those entities to place those resources at its disposal. Such entities, for instance the

parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality as the economic operator relying on them and must comply with the selection criteria for which the economic operator relies on them. Furthermore, the data for this third entity for the relevant selection criterion should be included in a separate document. Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined in order to rank their applications and identify the 8 best applications for the tender procedure. The only additional comparative criteria that will be taken into consideration during this re-examination, in the order in which they appear below, are:

- 1) The highest number of references that meet the technical capacity criterion 3.1; and
- 2) The highest cumulative value of the references (proportion carried out by the candidate) satisfying the technical capacity criterion 3.1.

**N.B.:** additional comparative criterion No 1 shall be applied to all the eligible candidates that meet the selection criteria. If, after applying additional comparative criterion No 1, it is not possible to identify the 8 best candidates because two or more candidates are tied for the 8th position, additional comparative criterion No 2 shall be applied only to these tied candidates.

#### 24. Deadline for submission of applications

The candidate's attention is drawn to the fact that there are two different systems for sending applications: one is by post or private mail service, the other is by hand delivery.

In the first case, the application must be sent before the date and time limit for submission, as evidenced by the postmark or deposit slip<sup>1</sup>, but in the second case it is the acknowledgment of receipt given at the time of the delivery of the application that will serve as proof.

**The deadline for submission of applications can be found in the Contract Notice under IV.2.2.**

Any application sent to the contracting authority after this deadline will not be considered.

The contracting authority may, for reasons of administrative efficiency, reject any application submitted on time but received, for any reason beyond the contracting authority's control, after the effective date of approval of the short-list report, if accepting applications that were submitted on time but arrived late would considerably delay the evaluation procedure or jeopardise decisions already taken and notified.
